MEMORANDUM FOR: C. Thomas Thorne  
Deputy Assistant Secretary of State  
for Assessments and Research

SUBJECT: Production Enhancement Initiatives for  
FY 1985-86

REFERENCE: IPC Memo 033-84, dtd 2 Feb 84, same subject

I am pleased that your production enhancement initiative on terrorism was selected since the DCI is particularly concerned about that subject. As was noted in reference, however, the proposal did not meet the selection criteria on a technicality: the DCI's guidance precludes the augmentation of a staff. For that reason, I encourage you to consider using external assistance to meet the objectives of your research plan.
